

Add a Note to a Time Entry

Last Modified on 12/16/2024 12:36 pm EST

Time entries made by a staff member in the *Staff Portal > My Time Card* (tab) have an option to add a note to a daily time entry. Notes created here can be viewed by a supervisor.

Click the **Note** icon to open a window where a note can be entered and saved.

If a note has been saved the icon changes from a blank page icon to a solid page icon in the Staff Portal. In your system, the note icon will display the word *Note* and appear to have text on the page as an indication that a note exists for the time entry.

Management can view this note from the *Staff* record or on the *Approve/Unapprove Time* page and can add a *Management Note* which the staff person can view in their portal. Jackrabbit will stamp the Note with the name of the last person to update the note and the date of that update.
