3. Enter the class details in the *Add Class* window. At a minimum, you must enter all required (*) information. **Note:** If you select a *Session* for the class, and you have defined the start/end dates for the session in your drop-down list editor, you may get a *Potential Date Conflict* pop-up window. This is simply to alert you that the date you have used as the class start date (the date you clicked on the calendar) falls outside of the session's defined start/end dates. You can opt to leave the current dates or use the new session dates.
4. Click **Save**.

After the class is created you will be given the option to *Add Another Class*, *View Calendar*, *Enroll* (an existing student), or *Quick Reg* (add a new student).
