

Hide Columns in Your Online Class Listing Tables

Last Modified on 10/25/2023 10:36 am EDT

Online Class Listing Tables are highly customizable, allowing you to showcase your class offerings by grouping classes, adding specific class information, hiding columns of information, and more!

It all starts with the [basic Online Class Listing Table](#). There are 12 columns included in the basic table: Register, Class, Description, Days, Times, Gender, Ages, Openings, Class Starts, Class Ends, Session, and Tuition.

Register	Class	Description	Days	Times	Gender	Ages	Openings	Class Starts	Class Ends	Session	Tuition
Register	Acro - Mon 7pm	Acro is a class that progresses from forward rolls and cartwheels to advanced tumbling, including aerial work. Teachers work with each student on their individual level.	Mon	7:00pm-8:00pm	All		2	09/01/2023	11/30/2023	Fall 2023	85.00
Register	Ballet - Mon 6pm	Students benefit from the development of coordination, muscle strength, motor and listening skills along with the musical and spatial awareness that ballet offers.	Mon	6:00pm-7:00pm	All		3	09/01/2023	11/30/2023	Fall 2023	80.00
Register	Ballet Jr Competitive - Mon 7pm	In addition to training to become the best dancers they can be, dancers will develop teamwork skills, become part of a fantastic dance family & community, and learn confidence & performance skills that will carry over into their everyday lives.	Mon	7:00pm-8:30pm	All		8	09/01/2023	11/30/2023	Fall 2023	115.00
Register	Get it All Cheer - Mon 6pm	This class is for students for ages 5-18. It combines cheerleading, jumps, tumbling, dance, conditioning, and more! This is the perfect class for athletes that are interested in learning ALL aspects of the sport of cheerleading!	Mon	6:00pm-7:00pm	All		8	09/01/2023	11/30/2023	Fall 2023	85.00

This column order is set (hardcoded), and columns cannot be moved to a different order; however, it is possible to hide any of the columns in a table. For example, hide the Openings column or the Session column.

To hide columns from Online Class Listing Tables, a parameter is added to the [basic JavaScript code and URL \(link\)](#). Well, that certainly sounds very techie ☹️, doesn't it? It sounds worse than it is, we promise!

Let's step through it here and look at a couple of examples with the code and links. If you prefer a quicker study, check out the Speed Learning section in [A Cheat Sheet for Customizing Your Online Class Listing Tables](#).

For a more thorough explanation of how parameters work (with a piece of cake 🍰), check out [Understanding How to Customize Your Online Class Listing Tables](#)
