Assign Sizes / Measurements to Students

Student sizes can be entered directly into Jackrabbit or recorded on a **Measurement Worksheet** to be entered into Jackrabbit at a later date.

When you use the Staff Portal, you can enable staff to view and update student sizes through the Portal. Learn more about **General Staff Portal Settings**.

<div style="background:#d3d3d3; color:#1f9fff; font-weight:bold; text-align:center;">Expand/Collapse All</div>

Enter Sizes/Measurements in a Class Record

1. Open the **Class** record.
2. Click the **Sizes/Measurements** button.

3. Enter sizes and measurements for each student in the Student Size Entry window.
4. Click **Save Changes.**

Enter Sizes/Measurements for a Student in a Student Record

1. Open the **Student** record and click on the **Sizes** tab.
2. Enter the size and measurement information you have for the student.
3. Click **Save Changes**.

Mass Delete All Student Sizes

Jackrabbit Support can assist you in deleting all student size and measurement information on the Sizes tab in each Student Record. Please contact Jackrabbit Support via the Jackrabbit Help icon   in your system to request that all student size information be deleted.

A student's girth must be entered for Jackrabbit's Costume (Apparel) **Auto-Size** feature to work properly.
