

# User Permissions for Text Messaging

Last Modified on 11/30/2023 8:11 am EST

There are several User Permissions related to **Text Messaging in Jackrabbit**. These permissions allow the User to perform tasks such as sending a text to all families regarding a closure or messaging your staff about an upcoming meeting.

User Permissions play a crucial role in protecting your data by controlling who can access, modify, or perform specific actions in your system. Review **Protect Your Account - User Permission Guidelines** for more information.

To adjust a User's permissions, go to the **Gear icon > Settings > Users & Permissions > User IDs** (click on a User ID) > **User Permissions** (left menu). **Note: Users who are logged in when their permissions are changed will have to log out and back in for the changes to take effect.**

## Permissions Related to Text Messaging

Category	User Permission	Enables access to
Tools	Text Messages Settings	View/edit settings for text messages ( <i>Gear icon &gt; Settings &gt; Text Messages</i> ).
	Send Text Messages	The <i>Text Message</i> option in the <i>Type</i> drop-down menu within the message composer. The User must have the <i>Email Families &amp; Email Student Schedules</i> permission to access the message composer.
Families	Email Families & Email/Print Student Schedules	The message composer where the User can send a text message if they have the <i>Send Text Messages</i> permission.

See **Permissions for Jackrabbit Users** for more information.
