The **Skill/Level Category** drop-down value is used to group or classify your Student Skills/Levels. The Skill/Level Category is assigned to each Skill/Level you create and is a search criteria option available in the [Student Skills/Levels Search](#).

You can edit the Skill Category assigned to a Skill/Level from the **Classes** menu > **Skills** > **Manage Skills/Levels**.

Skill/Level Category drop-down values can be added from the **Gear** icon > **Settings** > **General** > **Drop-down Lists** (left menu) > **Student** (section) > **Skill/Level Category**.
