User Permissions for Jackrabbit Resources

There are several User Permissions related to **Resources in Jackrabbit**. These permissions allow the User to perform tasks such as adding a resource to a family's record or editing an existing resource for a class.

User Permissions play a crucial role in protecting your data by controlling who can access, modify, or perform specific actions in your system. Review **Protect Your Account - User Permission Guidelines** for more information.

To adjust a User's permissions, go to the **Gear** icon > **Settings** > **Users & Permissions** > **User IDs** (click on a User ID) > **User Permissions** (left menu). *Note: Users who are logged in when their permissions are changed will have to log out and back in for the changes to take effect.*
