

# User Permissions for Mass Drop All Classes

Last Modified on 09/07/2023 8:29 am EDT

Several User Permissions control the ability to **Mass Drop All Classes** from a *Student* record or a *Family* record.

User Permissions play a crucial role in protecting your data by controlling who can access, modify, or perform specific actions in your system. Review [Protect Your Account - User Permission Guidelines](#) for more information.

To adjust a User's permissions, go to the Gear icon > **Settings** > **Users & Permissions** > **User IDs** (click on a UserID) > **User Permissions** (left menu) to set these permissions. **Note: If a User is logged in when changes are made to their permissions, they'll have to log out and back in for the changes to take effect.**
