

# Next Generation Jackrabbit Resources

Last Modified on 02/29/2024 4:29 pm EST

Improving the tools you need to run your business is always at the heart of our enhancements as we strive to make your workflows more efficient.

The New Simplified menu builds the foundation for exciting new enhancements that will help you and your team work smarter, not harder. And with the Next Generation grids, you can expect to complete many of your tasks from one place...no more hopping around (*shameful bunny pun intended*)!

We understand that change can be difficult and muscle memory is real so we have compiled these Jackrabbit resources to help you learn exactly how these improved tools and reorganized menus work to maximize your efficiency!

## The Menu Changes - Help! Where is it now?

Bookmark the article **Classic Menu to the New Simplified Menu - A Map of the Changes** which takes you through the before and after of each menu illustrating what was removed from each menu and where it went and what is new to each menu and where it came from.
