Set Up Camps as Classes

Last Modified on 03/01/2024 2:13 pm EST

Camps are short-duration programs most commonly offered during school breaks. They are also a great way to allow students to try out your facility with minimal commitment. Jackrabbit recommends setting up your camps as classes for many reasons including:

- Set up camps as classes with a start and end date to make the process easy for families (and you).
- View camps on your **Weekly Calendar** to avoid double-booking rooms or instructors.
- Take attendance via the **Staff Portal** to have the most up-to-date camp rosters.
- Offer families flexibility using **Per-Day classes**, allowing them to choose which days their student plans to attend.
- Pull detailed enrollment and **financial reports** to assess the success of your camp.
- Save time by **archiving** your class so that you can retrieve it for future use.

Need Help Setting Up Your Camps?

We recommend you review the **Add Classes/Lessons** articles for detailed information. Click on the **question mark** icon in Jackrabbit to request assistance or if you have questions about setting up your camps as classes.

Alternative Method: Events

You may also consider creating your camps using Jackrabbit's Events Management feature. Refer to **Events - An Overview** for more details.

Visit **Compare Events & Classes in Jackrabbit** for a side-by-side comparison of the two features.
