

# Compare Events & Classes in Jackrabbit

Last Modified on 04/24/2025 3:06 pm EDT

Events and classes are treated very differently in Jackrabbit, both in how they are set up and how they are managed. Events are typically used for birthday parties, parent's night out, open houses, and other special occasions.

Events are created and managed using the Events menu. Classes are created and managed using the Classes menu.

Below is a summary of the similarities and differences between classes and events:

	Events	Classes
<b>Purpose</b>	One-day occurrences (birthday parties, parent's night out, etc.)	Ongoing class offerings
<b>Enrollment</b>	Enrollment by family or by student  Note: A family status remains inactive if a student enrolls in an event. For the family to become active, a student must be enrolled in a class.	Students are enrolled in classes
