Not Exactly a Checklist

4 Steps to Tuition Billing-

It's not exactly a checklist, so let's call it a step-list! The 4 Steps to Tuition Billing steps out the process for posting tuition fees to families, checking tuition fees, finding and applying unapplied credits to fees, and how to process payments. And, of course, communicating with families before processing payments.

Each step in the checklist has links to Help Center articles with additional information to guarantee successful billing.
