## Issue/Question

---

I'm unable to select a student's preferred room when booking an appointment. Why isn't the room available?

## Resolution

---

When troubleshooting why a preferred room is unavailable:

1. Check if the room is already occupied by an appointment, class, or event at the same time.
  2. If it is already occupied, do one of the following:
    - a. Select a different available room.
    - b. Choose a different date/time for the booking.
