Issue/Question

Why aren't the classes in our new session showing up in our Online Registration form?

Environment

Jackrabbit application

Cause

The classes in the new session were set to Display in Online Class Listings = No.

Resolution

A setting in the Class record controls whether the class will be included in your Online Class Listing Tables. The setting must be set to Yes for the class to display.

1. Go to the **Class** record > **Summary** tab.
2. Set **Display in Online Class Listings** to Yes.
3. **Save Changes**.

To edit this setting for the entire session of classes at once, use [Edit All Classes](#).

See [Troubleshoot classes not available online](#) for other online class visibility and enrollment issues.
