

Class not showing in the Find Classes section of the Parent Portal [Share](#)

Last Modified on 12/23/2025 2:17 pm EST

Issue/Question

I've just opened a new session of classes, but my parents are not seeing them in the Parent Portal when they try to find classes to enroll their kids in.

Resolution

A setting on the Class record manages class visibility in the Find Classes (Parent Portal). The setting must be set to Yes for the class to display.

1. Go to the **Class** record > **Summary** tab.
2. Set **Allow Portal Enrollment** to Yes.
3. **Save Changes**.

To edit this setting for a entire session of classes at once, use [Edit All Classes](#).

See [Class not available online](#) for other online class visibility and enrollment issues.
