Add optional before and after care to a camp

Share

Issue/Question

Is there a way to add optional before care and after care to our camps, for an additional cost?

Resolution

Yes, you can add additional time period options and define their fees when creating a camp or editing an existing camp that has no enrollments.

1. Go to the **Activities** menu > **Camps**.
2. Click **Add Camp** or choose **Edit** from and More Options menu ⋮ in an existing Camp card.
3. Scroll down to the **Time Periods** section.
4. Define your **Early Drop-Off** and **Late Pick-Up** option times and cost.
5. Complete the remainder of your camp details (if adding new) and **Save**.

Note: Currently, only Admins can enroll students in Early Drop-Off and Late Pick-Up. These Add-On Time Periods will be added to the Parent Portal soon!
