Issue/Question

How do I set the prices for my camps?

Resolution

Camp fees are determined by a student's enrollment in [Camp Sessions](#) and the [Time Period](#) options they've chosen.

Time Period options are created (e.g., Half-Day Part 1, or Late Pick-Up) and are assigned a **Cost Per Session** in the Camp details.

To define your camp pricing:

1. Go to the **Activities** menu > **Camps**.
2. Click **Add Camp** or choose **Edit** from and More Options menu  in an existing Camp card.
Note: Pricing can only be edited if there are no enrollments.
3. Scroll to the **Time Periods** section.
4. Define the **Core Time Period** Start Time, End Time, and Cost Per Session.
5. In the **Enable Additional Options** section, select the checkboxes for any options you'll offer and add the Start Time, End Time, and Cost Per Session for each.
6. Scroll to the **Pricing** section to define any required deposits and outline the fee posting details.
7. Complete the remainder of your camp's details (if adding new) and **Save**.
